

# Sadhu Vaswani International School

## Activity Schedule 2019-2020

## Important Administrative Guidelines 2019-2020

### Leave Rules

The school calendar is issued well in advance, so please plan holidays, trips and family functions after referring to school holidays.

- Please take doctor's appointments on Saturdays, as half days will not be granted for any reason.
- In case of absence for a day or two, please inform through the Communication book and get the leave sanctioned in advance.
- In case of illness (leave for more than 3 days), a medical certificate with a covering letter should be submitted to the class teacher.
- Missing the first and last day of school after or before long weekends and long holidays is not acceptable.
- Minimum attendance of 90% in the year is essential.

### General Behaviour

We expect children to avoid.....

- 1) Using foul language.
- 2) Bullying, harassing, threatening, ragging other children.
- 3) Using technology to harm or malign some child or teacher.
- 4) Speaking in languages other than English.

### Meetings

- 1) Parents must meet the teachers on 'Open Days' only. The schedule for the same is in the calendar. Kindly do not walk into the school/classroom on regular working days.
- 2) If absolutely necessary, take prior appointment to meet the class teacher at a scheduled time.

### Meeting The Principal:

Monday to Friday

9.00am - 10.00am

(With prior appointment only)

### Some points to be noted :

#### Communication Book

Students must carry this every day. This is where they will write their assignments, carry notices & convey messages to or from parents or teachers. Please make sure to read & sign this book daily. Teachers and parents should use this book to request a meeting with each other. (Parents can request an appointment with a specific teacher or Principal in case of emergency)

#### Books & notebooks

Children must carry books & notebooks as per the class time table every day. (They must not carry all the books to school every day.)

#### Assignments

Teachers may give limited assignments/worksheets to consolidate what has been done in class. The internal marks for all subjects will depend on the regularity in class work and homework.

#### Dress Code

Children must follow the dress code laid down by the school.

- 1) Uniform should ALWAYS be clean and ironed. Faded uniforms are not acceptable.
- 2) Wear your school uniform on Mondays, Tuesdays, Thursdays, Fridays and Saturdays (if applicable). Sports uniform to be worn on Wednesdays.
- 3) If the class is going out of school for any event, wearing the uniform is compulsory.

#### For reasons of discipline & safety

##### Not Allowed

1. Dangling earrings
2. Long nails
3. Nail Polish
4. Gold chains
5. Hair color
6. Wrist watch (till Std 8)
7. Torn shoes/loose socks

##### Must Do

1. Girls-shoulder length hair in two pony tails, tied with black ribbons and a black hair band. Long hair needs to be plaited.
2. Boys-short hair (crew cut)
3. Wear polished shoes

You may even fix an appointment by mail on [artip\\_aapatil@yahoo.com](mailto:artip_aapatil@yahoo.com)

ॐ गुरुकृपा ही केवलम् ।

In the fond memory of Sadhu Vaswani and Rev. Dada J.P. Vaswani we bring in focus the principles of Mira Movement in education and its reflection at SVIS.

## Sense of Responsibility

At that time when women were inferior, Sadhu Vaswani firmly believed in the woman's ability to build a new world, leading him to pioneer women's education. He was the one who took the responsibility of kindling the light of education to build a new India.

June 4<sup>th</sup> marks the Foundation Day of the Mira Movement in Education. Sadhu Vaswani started the first school on June 4, 1933 with a 2 paisa coin, in a basement. 'St. Mira's School', with a revolutionary concept in education, would not only develop the brain power, but would provide a triple training of the head, the hand and the heart – a value based education to become a worthy participant in the adventure of life. Today, the Mira Movement in Education has 16 schools and colleges under its umbrella, including one abroad, catering to a total of about 16,000 students.

*At SVIS, we take forward His vision. We take up the RESPONSIBILITY of 'moulding minds', 'awakening hearts' and 'cultivating character' as He always said 'Nation walks on the feet of the little ones!'*

## Power of Serenity

Education should be related to life, and not be an academic study. Let the emphasis in our teaching be on life. All around us, today, they cry for peace. The nations of the East and West ask for peace. But peace, let me submit, will not be a gift of the machine.

True peace will walk gently, silently, in the dedicated life and the life filled with serenity, the life of selfless service, the life of compassion, the life of love.

– Sadhu Vaswani

*At SVIS, you will feel the Beloved Master's presence everywhere. We proudly call our school a 'no fear zone' and a 'no anger zone'. You will experience the SERENITY, not just in the campus but in every heart!*

## **Bond of Unity**

The truly great ones are not a monopoly of India, but have appeared in all countries and have enriched the lives of all races, and inspired and illuminated all religions.

We teach our students, therefore, to respect all races and religions, and we point out to them that true religion is not institutional. The religion is not the creed of this organisation or that. We teach them to be united in all walks of life.

True religion is not his who talks but, indeed, is his who reflects in his daily work and life, justice towards all and sympathy to the poor and service to those who are not as privileged as we are.

– Sadhu Vaswani

*At SVIS, we help children to bond with UNITY. Our sanctuary hall reflects the teachings of every religion. We imbibe in them that 'children of the Earth, we all are one!', regardless of religion or caste we are born in.*

## The Torch of Humility

The light of the Spirit, wisdom, knowledge, is hidden from many, but is revealed to those who are humble.

The teacher of the true type holds in his daily life to his pupils the torch of humility. For lack of it, we suffer today in many ways. Our homes are broken; our schools have become shops of profit and loss; our graduates run after money; our educated people seek comforts and honours of the earth; and we find ourselves in the entanglements of a spiritually disintegrating world.

The school of the right type - the Mira School, should be a home of teachers and students who reflect, in their studies and on the play-ground and in their daily lives, the spirit of humility. Be humble if you would know!

– Sadhu Vaswani

*At SVIS, children are trained to be modest in their expectations and humble in their actions lighting the torch of HUMILITY! Their hearts are always filled with pride but without a touch of vanity.*

## Spark of Spontaneity

The true principle of education is the principle of spontaneity and self-control. Instead, so many who call themselves teachers try to control their students by punishments, threat, fear, ridicule. Such methods are depressing in their results. They cause diminution of energy. Children should be able to observe, absorb the situations and act accordingly. In Mira schools children will not be given any punishments.

– Sadhu Vaswani

*At SVIS we teach children that the essence of pleasure is the SPONTANEITY! Children are trained to observe the needs of the society and offer their helping hands spontaneously.*

## Pillars of Vitality

At Mira School our emphasis is not on numbers but we emphasize quality in education and so students are taught to have faith in themselves. “Believe in yourselves,” we say to pupils of the Mira School; “believe and achieve!”. Vitality is one important virtue that each student must possess. We want children with a strong positive image. They need to be courageous. The Mira School's great word is “Shakti”, be strong, we say; meet failure with success! Work on in strength of body and mind and heart and the will-to-achieve!

– Sadhu Vaswani

*At SVIS we believe more in the transforming power of the teacher than text-books. The teacher of the true type! Teachers, who are friends of the pupils' minds and hearts. Such teachers inspire trust and help children become the pillars of VITALITY of the mind and the heart. Their positive approach and encouragement helps children build a strong positive self-image.*

## Beauty in Simplicity

True education is not by words and ink. Education is an atmosphere. In Mira Schools an attempt is being made to create an atmosphere of an education which is not merely mental but which aims at drawing out the higher emotions of the pupils, their inner sense of simplicity and service, of purity and prayer. I believe profoundly in the Wisdom of Rishis and Saints, and in the values of India's own culture and Indian ideals.

**True education is not a withered parchment but the living water of the Spirit.**

– Sadhu Vaswani

*At SVIS, we make children understand and believe that the real beauty lies in SIMPLICITY of hearts. Though the school has 'the state of the art' facilities, children are well aware that simplicity is not style, it is a state of harmony.*

## Essence of Humanity

We speak of knowledge, - yes. We need to learn this truth that our logic, our psychology, our books taught in the schools may teach us to know the mind and its processes, but they do not teach us that which we need know, first and last. They do not teach us to love and to pour out compassion upon the creatures of God who suffer and, as it seems to me, groaning daily in pain, cry for a deliverer, a savior to come and redeem nature and humanity. Every child in Mira school will act in compassion.

– Sadhu Vaswani

*At SVIS, our aim is to turn children into good human beings so that when they leave the school, they know the difference in good and bad, right and wrong. We nurture their soul to imbibe HUMANITY so that when they grow, they are an asset to society.*

## Attitude of Generosity

Our education, it is true should link us with the poor, should be a communion with the needy, the humble and the oppressed. But this is not enough. There is a world which is speechless, - the world of the impaired ones, the world of brother, bird and beast. Mira students should be linked with this speechless world. The students should be servants of these ones, whom so many of us trample upon, torture and kill for selfish ends for passing pleasure or in utter thoughtlessness.

If indeed, our pupils be trained to receive a treasure of being sensitive to suffering and compassionate to every creature. Every Mira student should learn to say this to themselves - "I shall do what I can do - liberate the poor ones and the oppressed ones."

– Sadhu Vaswani

*At SVIS, giving is more important than receiving. 'Seva' is an integral part of their learning process and children do it with 'swakamai'. They agree that the joy of life is in doing little things - little acts of kindness, little deeds of love. Their attitude of **GENEROSITY** helps them to live and help live.*

## **Act of Integrity**

Indian education must develop a sense of honour among students and teach them to stand up with courage for the 'truth'. A student must be filled with the consciousness that he is a guardian of India's honour. And to guard India's honour he must have courage and love of truth. Our education aims at developing character so that children grow as 'an individual of integrity'.

– Sadhu Vaswani

*At SVIS we take very special efforts to help children arouse their curiosity. We teach them to speak with honesty and expect them to act with INTEGRITY. With integrity, they have nothing to fear since they have nothing to hide.*

## **Sincerity – the Secret of Success**

Sincerity and truth are the basis of every virtue. Sadhu Vaswani and Rev. Dada J P Vaswani dedicated their life to shaping the future of the nation. They have paved a path for us, which we all promise to walk on. We have a mission to follow and a goal to achieve. They have given us a strong foundation of values which will help us live a quality life. Our teachers have been able to navigate challenges through sincere efforts and dedication to the cause.

*At SVIS, we aim to instil the values of the Mira Movement in Education. This temple of learning is blessed by SINCERITY, divinity and serenity. Our children will be the torch bearers of these virtues as they become ambassadors in society.*
